Equipping Business & Corporate Professionals
in the Art of Public Speaking

Introduction

One April evening in 2010, the 11th edition of the Ghana Music Awards was broadcasted LIVE. In addition to the display of brilliant musical performances and gorgeous fashion ensembles, award recipients, who by the way had sold millions of albums and become household names, were struggling with articulating their award acceptance speeches! One after the other, these icons were fumbling over their words and some had their hands (and voices) shaking more than the dancers on stage. Then came the *Defining Moment* and the dream for the Royal Centre for Public Speaking was conceived by our Founder, Samuel Jonathan. Speaking and Beyond

In today's competitive marketplace, despite the increase in use of Information Technology, 99% of our daily transactions involve the art of speaking. Yet, less than 1% of our business community, has gone through professional coaching in public speaking! Authored, designed and developed by our President & Lead Facilitator, Samuel Jonathan, **Speaking and Beyond** is the first public speaking course, in the world, to be accompanied by a Lifetime Guarantee! This enriching and intensive course empowers participants with tips, techniques and skills on how to connect with the audience and communicate effectively. We are proud to disclose that, since 2011, 98% of the course attendees have rated this course as "Excellent".

Modus Operandi

With ten (10) or less participants, the course duration is four (4) consecutive days. With more than 10 participants, the course duration is longer. In the event of a large contingent, the course can be conducted in batches. **Efficacy is of utmost importance to us!** All the sessions are conducted LIVE (in-person) with a hands-on approach and coaching style. Bearing in mind that the secret to success in public speaking is in the "Doing", presentation trials, speech workouts and role-plays are incorporated to foster an interactive and engaging learning atmosphere. Furthermore, audio-visual tutorials and video clips are utilised to facilitate comprehension. Your dedicated Coach, Samuel Jonathan, is an Executive Mentor, Master Public Speaking Trainer and Presentation Mastery Coach. He has delivered over 6,000 presentations and received 3200+ testimonials. He is the author of "Becoming A Public Speaker", "The Public Speaker's Pocket Guide" and the first-ever audio-coaching programme on public speaking (authored in Africa), "Speaking and Beyond". He has truly earned the trust of many leaders. *Your Coach's detailed profile can be viewed on the sixth page.*

Course Modules and Areas of Focus

Speaking and Beyond involves three (3) modules.

The Art of Public Speaking

This introductory module will help with understanding exactly what public speaking is all about and what it takes to become an exceptional Speaker. Bearing in mind that Public Speaking is an art, and art is the expression of self, a significant component of this module shall be dedicated to assisting the participants understand their personality type and personality traits; especially how it relates to stage-fright (nervousness) and what it takes to present their best when on stage or on-air. During this session, the Coach assists you in writing your Speaking Legacy. Many have found this module very empowering, especially when it comes to overcoming stage-fright and speech anxiety. It is a priceless learning experience.

Effective Communication Skills

Bearing in mind roles and positions of the participants, the focus of this programme goes beyond being eloquent. Being an effective Communicator is more valuable. Understanding what needs to be communicated and how it ought to be conveyed, is a priceless attribute of every Leader. This module will focus on the **verbal** (what to say, choice of words, vocabulary), **vocal** (pace, pitch, volume, inflection) and **visual** aspects of your presentation (gesture, facial expression, posture, body language); as well as determining the appropriate speaking distance. Whether you are giving the keynote address at a conference or engaging a prospective client, this module laser beams on communicating effectively. One of the distinct attributes of this module is understanding that Every Word Matters (E.W.M). A Communicator takes responsibility for a) the comprehension of the audience; and b) each word he or she utters. Therefore, saying "Ummmhhh" or "Errrrhhh" and other idle words, becomes abolished and eradicated by the conclusion of this module. The same applies to utterances such as "all protocol observed", "plans are in the pipeline", etc.

The Rudiments of Presentation Mastery©

This is one of the most exciting modules. Sadly, presentation mastery is a level of skilfulness which many seldom attain. Essentially, it focuses on excellence in delivery. The previous module covered the Techniques of Communication. This module focuses more on the Dynamics of Communication. Being dynamic captivates and sustains the attention of your audience and keeps them engaged ... even when they cannot see you (such as when on Radio or when people are listening to you from an “Overflow Room”). Topics to be covered shall include

- Preparing Your Speech (or discussion points)
- Courting Your Audience (breaking the ice)
- How to Author Suitable Illustrations
- Developing Memorable One-Liners
- Maintaining Audience Engagement
- Global Speaking Etiquette
- Local and International Media Engagement

Regardless of whether one’s audience is in a boardroom or ballroom, Presentation Mastery© will equip you with how to prepare for Q&A segments, interact with the press/media, address questions with finesse and handle objections with grace.

Brand Mastery© - The Ability to “Sell” Your Brand

Since 2011, we have been observing the ability of business professionals, entrepreneurs and corporate leaders to give impromptu presentations about their companies and brands. Less than 9% were able to give a seamless delivery. Many claimed they did not know ahead of time! Ironically, the average length of time many of these individuals have been their companies is 12 years. Brand Mastery focuses on combining exceptional knowledge of one’s brand (or company) with presentation mastery. Every member of staff and management must be able to speak about their brand with clarity, charisma and precision. Therefore, this module will coach the participants on how to effectively utilise the 3 Vs of Communication to articulate the V 3 of their brand i.e. Visions, Value, VIM. By the conclusion of this module, we anticipate that each participant, even with no prior sales experience, will be able to “Sell” their brand and become worthy Brand Ambassadors.

We have come to the realization that the courses and programmes you run provide us with more value for money compared to the courses we send our staff for abroad – *Millicent Narh, Deputy Governor, Bank of Ghana*
